SEMINAR DOCUMENTATION

TOP-CLASS BUSINESS MEETINGS AND EVENTS IN THE WELLNESSHOTEL GOLF PANORAMA – THE THURGAU DESIGNER HOTEL ON LAKE CONSTANCE.

WELCOME

If you are faced with the challenging task of organising an event, simply sit back and let us support and advise you from A to Z. We will work with you to plan your meetings and seminars, coordinate company anniversary or Christmas celebrations, and ensure that your event is a unique complete experience for you and your guests.

The Wellnesshotel Golf Panorama is the ideal location – meet and celebrate in the heart of a beautiful landscape, in absolute, idyllic tranquillity with ideal infrastructure and bespoke support.

Restaurant and dining

The restaurant not only boasts an exceptional kitchen with additional vegan and vegetarian options, but also offers a wide range of wines from the surrounding region and further afield. We are happy to provide advice for your menu and wine selection during the planning phase. We prepare and serve the best regional and seasonal products that the Lake Constance region has to offer, and always work to ensure healthy, enjoyable and balanced eating. Our chef de cuisine will guarantee that you will enjoy your culinary experience. Our motto is absolute freshness with no ready-made products. For example, we take something as simple as Thurgau apples and use them as the basis for delicious creations.

The Wellnesshotel Golf Panorama combines modern design with a warm and fresh atmosphere that will inspire you and your guests. The best approach is to stop by the hotel and discuss your wishes and ideas for a tailor-made event with us in person. You can leave the rest to us.

We look forward to welcoming you.

EUREGIO LAKE CONSTANCE

Sails vanishing into the horizon, palm trees on the waterfronts, vineyards and meadows with apple trees on the gentle slopes of the lake shore. And behind it all, the chain of Alpine peaks, which on clear days seem close enough to touch. Lake Constance combines maritime flair with the charm of the hilly Alpine uplands. Bordering three countries, it is the third-largest inland lake in Europe. It is in the south of Germany, in the north of Switzerland and in the west of Austria. The range of attractions around the lake is therefore varied and international, as you would expect. And it is a stone's throw from the High Alpine hiking and ski regions.

CULTURAL LANDSCAPE OF EASTERN SWITZERLAND

Make the most of your free time! Thurgau and the neighbouring Lake Constance region are among the most beautiful holiday and recreational regions in Europe. It is a cultural landscape with a long history, in which you can cross the borders to our neighbouring countries again and again – whether by boat or as part of a bike tour. The cultural diversity of Thurgau is fascinating: Castles on Lake Constance, monasteries with deep cultural and historical significance and original museums are well worth taking the time to discover. Alternatively, you can search for clues to unravel the secret of the mystical places of power in Thurgau.

THE DIFFERENCE BETWEEN EXISTING AND LIVING
IS HOW WE USE OUR FREE TIME.
